Established in 2015, Sharda Cable Trays Pvt Ltd has made giant strides in the field of Industrial Cable Trays. Sharda Cable Trays Pvt Ltd is a leading name in the manufacturing of industrial cable trays.

Sai Seeya Composite Pvt Ltd, established in 2018 engages in the exclusive manufacturing of FRP Cable Trays. We are ISO 9001: 2015 Certified Companies.

Industrial Cable Trays are a perfect alternative to :

Open Wiring  
Electrical Conduit Systems  
Cable Management.

“Never before in the history of mankind has the pace of innovation and technological acceleration has been faster than it is today”  
- Yannick Schilly

## About Us

Our manufacturing unit is spread over 10,000 square feet area on the prime location of Pune-Satara Road. We are fully equipped with advanced machinery, functional inventory, and a team of competent employees.

We manufacture a complete range of cable trays and industrial cable trays which are

Innovative in design

Easy to install

Cost-effective in usage

- As these trays come in powder coated finish they are corrosion resistant
- They can be used in outdoor spaces
- These trays are ideal to support a large volume of network cables
- They assist in providing smooth transition around obstacles
- These trays can be easily attached to the floor, ceiling, wall or top of racks and cabinets
- They are available in different widths, heights, and length options

## The Magnate behind the Diligence...

The brilliant mind behind the realm of cable trays is 'Bhupendra Hurde'.

After completing his education, he spent a few years in the service sector. His ambition and determination towards entrepreneurship motivated him to sparkle in the cable trays industry. His knowledge, experience, and inventiveness reflect in what 'Sharda' and 'Sai Seeya' stand today.

“My golden rule of business is that I put myself in the shoes of customers”  
- Bhupendra Hurde

sai-seeya  
Composite Pvt. Ltd.

## What do we Offer?

We offer 60+ products from the following Product Range:

- Perforated Cable Trays
- Ladder Type Cable Trays
- Cable Tray Accessories
- Cable Tray Ducts or Trunking
- Cable Tray Cover
- GI Junction Boxes
- F.R.P. Cable Trays
- GI Threaded Rods and Fasteners
- Cable Trays Cover Clamp
- Coupler Plates and Hardware
- GI Earthing Strips
- Copper Earthing Strips
- C Channels or Z Channels
- S.S. Cable Trays
- F.R.P. Grating

• Perforated Cable Trays can accommodate a large number of branch lines and have high load-bearing capacity. They can be hung or mounted on the wall. They are available with covers.

• Ladder Type Cable Trays manage cables in residential or commercial complexes. They provide excellent ventilation and enhance the life of cables.

• Cable Tray Ducts or Trunking are fabricated using premium quality raw material. They generally carry networking cables in IT and allied industries.

• GI Threaded Rod and Fastener are utilised to hang the cable trays

• C Channel and Z Channel give a path as well as support to the cable and are durable, corrosion-resistant with high tensile strength

• GI Junction Box are corrosion resistant with a high load-bearing capacity

Quality is never an accident. It is always the result of intelligent efforts. - Aristotle
